ABOUT ME

I'm a B.Tech Cybersecurity student with certifications in CEH and Palo Alto Cybersecurity Foundation. I specialize in ethical hacking, penetration testing, and securing web/mobile applications. Proficient with tools like Metasploit, Burp Suite, and Kali Linux, I'm eager to contribute to secure digital ecosystems and explore Al-driven security solutions.

EDUCATION

2021 - 2024 **Diploma in Computer Science and Engg**

Govt Polytechnic

College

8.36 CGPA

2024 - 2027 **B.tech in Cyber Security**

Parul University Pursuing

EXPERIENCE

2025 **Cybersecurity Foundation**

Palo Alto Network cyber Security Academy

Successfully completed the Palo Alto Networks Cybersecurity Foundation course, where I learned core cybersecurity concepts including network security, threat intelligence, firewalls, cyber attack types, and security best practices.

2024

Wscube tech Completed a hands-on course covering ethical hacking tools, penetration testing

methodologies, vulnerability ssessment, reconnaissance, exploitation techniques,

Metasploit, web & mobile security, and network defense strategies.

SOFT SKILLS

 Leadership Communication Inovation Teamwork

· Ambitious & Goal-Focused Analytics Problem Solving

TECHNICAL SKILLS

• Kali Linux Bash Python Burpsuite
